Cooperation options

1. Processing via partner access (recommended)

All processes are conveniently handled online via a personal partner login to our system. We take care of the entire booking process as well as invoicing for the customers you refer.

At the end of the season, you will receive a participant list including a commission breakdown according to the agreed percentage. Once we receive your commission invoice, we will transfer the corresponding commission amount to you.

2. Independent processing

You handle the entire booking process yourself. Simply provide us with a participant list, and we will supply the travel documents for you to forward to your customers. You are responsible for invoicing and payment processing directly with your customers.

Two weeks prior to arrival, we will invoice 40% of the total amount. After departure, the remaining 60% will be invoiced, minus the agreed commission.
